OBAN BAY CODE OF PRACTICE

Vessels navigating in Oban Bay and approaches should be aware of the existence of a voluntary code for safe navigation within the area, which may be found at www.obanharbour.scot. The area covered by the Code of Practice is bounded to the north by a line joining Rubh’a Bhearnaig (56°25’·52N 5°30’·08W) and Maiden Island (56°25’·92N 5°29’·65W), and to the south by a line passing east-west through Sgeirean Dubha light (56°22’·82N 5°32’·26W), and includes Oban Harbour where speed should be limited to 6 knots. Vessels navigating in this area should be considered to be in Narrow Channels within the meaning of Rule 9 of the International Regulations for Preventing Collisions at Sea (1972). A Large Vessel Channel is established in the northern entrance to Oban Bay; see Chart 1790 for details.

SAFETY BROADCASTS

All vessels of LOA 20 metres and greater entering or leaving Oban Bay by the northern entrance, are requested to broadcast a warning message on VHF Channel 16, followed by a more detailed message on VHF Channel 12. For details see Admiralty List of Radio Signals and the Code of Practice for Oban Bay.
